Materials Developed

Just a convenient place for me to be able to find materials I have developed over time. Feel free to use, with appropriate attribution.

- How To Deal with Personality Issues Without Sounding Like a Marriage Guidance Counsellor
- see [Hans Samios - How to Work Personality Issues Without Sounding Like a Marriage Guidance Counsellor?](#) for more information.
 - Agile Testing Workshop
 - Agile Project Management
- see [How Does Project Management Change with Agile?](#) for more information.
 - Comparison of Scrum and Kanban
- see [What's The Difference Between Kanban and Scrum?](#) for more information.
 - Understanding Weighted Shortest Job First and Cost of Delay
- . A step-by-step approach to understanding CoD and WSJF
 - When Does It Make Sense to Adjust Team Membership?
- . Sometimes it makes sense to adjust team membership. The question is “when”?
 - Leading By Example with Personal Agility
- . Discussion of the steps I went through to really apply lean and agile concepts to my personal life. Result was twofold 1) I become more effective and productive 2) I could be a more authentic leader
