Materials Developed

Just a convenient place for me to be able to find materials I have developed over time. Feel free to use, with appropriate attribution.

- How To Deal with Personality Issues Without Sounding Like a Marriage Guidance Counsellor
- see Hans Samios - How to Work Personality Issues Without Sounding Like a Marriage Guidance Counsellor? for more information.
  - Agile Testing Workshop
  - Agile Project Management
- see How Does Project Management Change with Agile? for more information.
  - Comparison of Scrum and Kanban
- see What's The Difference Between Kanban and Scrum? for more information.
  - Understanding Weighted Shortest Job First and Cost of Delay
. A step-by-step approach to understanding CoD and WSJF
  - When Does It Make Sense to Adjust Team Membership?
. Sometimes it makes sense to adjust team membership. The question is "when"?
  - Leading By Example with Personal Agility
. Discussion of the steps I went through to really apply lean and agile concepts to my personal life. Result was twofold 1) I become more effective and productive 2) I could be a more authentic leader
