Table of Contents

Useful Markup Syntax in the Wiki

Just a store of some useful syntax that I seem to use a lot, but not enough to remember immediately.

General Dokuwiki syntax is at Wiki Syntax

Others:

- For {{page>}} include, to make a clean include, use:&noindent&notags&noeditbutton&nouser&nomdate&nodate
- For tagging use: {{tag>FAQ ProductOwner}}
- For headers of tables use: ^ Heading 1^ Heading 2^ Heading 3^

Setup Information

- To make pretty links to pages (i.e. without default doku.php in the link) instructions are at https://www.dokuwiki.org/rewrite
