Useful Tools

As I set up my business, I come across tools I find useful. Perhaps you are looking for things like this as well.

- Free Conference Call: Does exactly what it says. You set up an account on the Website and can then do conference calls for free. Pretty nice.
- Dokuwiki: I like the idea of a place where I can store information that is beyond a file service (hint to Dropbox et al - offer this type of application to put structure around files 🙂). This is a personal place to capture “stuff”.
