Useful Tools

As I set up my business, I come across tools I find useful. Perhaps you are looking for things like this as well.

- Free Conference Call: Does exactly what it says. You set up an account on the Website and can then do conference calls for free. Pretty nice.
- Dokuwiki Wiki system: I like the idea of a place where I can store information that is beyond a file

service (hint to Dropbox et al - offer this type of application to put structure around files This is a personal place to capture "stuff". This page you are looking at is part of my wiki.

• Wordpress blogging platform: Pretty much "the" blogging platform. Site I have is HansSamios.com which is occasionally updated.
